

WATER PIPELINE CLEANING IN YOUR NEIGHBORHOOD

To continue providing the highest quality water to our customers, Western Water will perform pipeline cleaning in your neighborhood soon. Cleaning the distribution system extends the life of the pipelines and improves water quality.

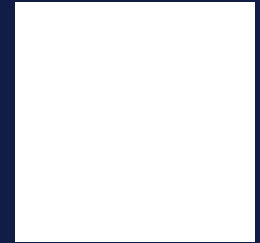

What to expect during pipeline cleaning:

- Trucks parked on your street
- Crews working at the fire hydrants
- Water flowing into the drain for reuse

Occasionally, cleaning may temporarily cause water discoloration as it stirs sediments in the pipelines. If this occurs, please run your tap until it runs clear or call our customer support team at [951.571.7104](tel:951.571.7104).

Western Municipal Water District
14205 Meridian Parkway
Riverside, CA 92518

Pipeline cleaning will take place
Monday to Thursday, from 8 a.m. to 4 p.m.
Water will remain safe to drink and no
impact to your water service is expected.
